ROTARY FOUNDATION UPDATE

STEVEN SOLOMON

Steven Solomon earned his Bachelor of Science from the University of Wisconsin-Madison where he majored in Zoology and Biological Aspects of Conservation with a concentration in African Studies. While serving as a Rotary Ambassadorial Scholar with an international service grant from the Madison Rotary Foundation, he became involved with Dr. Jane Goodall’s global youth organization Roots & Shoots in South Africa. Later Dr. Goodall arranged for him to volunteer with her community development project in Tanzania and selected him to join her delegation to a United Nations World Summit. Steven worked as an Education Program Manager at Lincoln Park Zoo in Chicago where he supervised the zoo intern program, traveling zoo, literacy program, lecture series and educator workshops. He was the recipient of Disney’s Animal Kingdom Diversity Advancement Award from the Association of Zoos & Aquariums.

While earning his Master of Science in Nonprofit Management with a concentration in fundraising management from Spertus College, Steven was recruited to The Rotary Foundation as an Annual Giving Officer. Steven was an Interact Club member and is an honorary Rotarian with two clubs in Illinois. He works with fundraising volunteers in the Far Western United States and Canada. During his trips he assists with training seminars, district conferences, club presentations and other special events to promote The Rotary Foundation. He was responsible for orchestrating Dr. Jane Goodall’s participation at Rotary’s 100th International Convention and serving as the primary contact for Archbishop Desmond Tutu at the Rotary World Peace Symposium in England. Steven was awarded the Association of Fundraising Professionals Chamberlain Scholarship. He believes in the power of Rotarians to use their skills to responsibly better communities at a grass roots level and is honored to make a living doing something he believes in—supporting The Rotary Foundation.

PRESIDENT LESLIE’S MESSAGE

First off, thanks to all those who signed up for either of our two service projects and The Recognition Reception at The Veteran’s Building, Saturday, November 7th. We have one very big and busy day ahead. How nice to have a day that includes both “hands on” service and recognition of a significant Club Foundation Grant in support of our community!

November is Rotary Foundation Month. It is a perfect time to remind our selves of the quality and value of Rotary Foundation Programs, and take pride in their success. I hope you can be at the meeting Monday to get an update on The Rotary Foundation from Steven Solomon, Zone Foundation Chair.

Enjoy!
Leslie
