A Message from Tom Friese, District Governor

"The beginning of the Rotary Year is always an exciting time...with a renewed sense of purpose for our service projects," wrote RI President D. K. Lee in the July Rotarian. For Carolyn and me it is the beginning of a wonderful year full of opportunity as we share together our Rotary wish to MAKE DREAMS REAL. As Rotarians in District 6220 this is our commitment to the children of the world. And yes, this world does include children in the Upper Peninsula of Michigan and Northeastern Wisconsin.

As we visit with you over the next four months you'll have time to share your club goals in Clean Water and Sanitation, Health and Hunger, and Literacy. During PETS last March each President Elect described specific goals for their clubs. One PE suggested working in the school district to improve the lunch program by addressing nutrition and obesity. Another suggested providing smoke alarms to needy families. And, what about lessening our need for individually bottled water, collecting and reading books to pre-schoolers, partnering with other service clubs or community agencies to do a project that needs more hands. The needs are as real as our dreams. We will find solutions by working together.

With the help of PDG John Herlache, our district will continue to provide PowerFlour to malnourished children in Central America and now, Mexico. We are going to add a literacy component as we deliver the PowerFlour to the people of Tarahumara. We anticipate that we will contribute school supplies, furnishings and books. Clean Water is the third component of this remarkable mission to Make Dreams Real to the Tarahumara.

There have been questions about the official club visits. Over the past several months, I have asked many other districts how they address this. The RI Manual of Procedure provides that official visits can be individual or multiclus. In some districts, the governor will visit each club individually. In others, clubs are grouped by area and are visited only this way. For example, D6220 has ten areas so there would be only ten visits. This is the third year that our district will have both multiclus and individual visits. I have tried to plan what makes sense considering club size, club needs and geography. Fellowship, cooperation and understanding are encouraged when we meet and talk about what we can do together as Rotarians.

Yes, this is the beginning of a new Rotary year. And it is also a very real and necessary continuation of service projects by Rotarians to those in need. Please remember these words from President D. K. Lee, "Children die not because nobody can help them, but because too often, nobody does. But you and I are Rotarians...and helping is what we do best."

Together, you and I will Make Dreams Real.

- Tom
Hello, my name is Nick Bisley and I am from Gresham, WI. My family has lived just north of Gresham for about 30 years or so. My father is president of Bisley Fabrication, a countertop fabrication company, and my mother works for the College of the Menominee Nation as Dean of Auxiliary Campuses. My sister just bought her first home in Caroline, WI and is working side-by-side with my father. I attended elementary schools in both Gresham and Shawano and finished my secondary education at Gresham H.S in 2003.

I began my college career at UW-Stout and bounced around deciding where to focus. I spent a semester in Belize during the spring of 2005. Living in Belize while studying at Galen University was my first experience in a foreign country for an extended period of time. Being fully immersed in a very diverse culture provided a period of self-reflection and identification. I have always enjoyed the outdoors and living in a culture that exists in a closer connection with the environment was a fun and interesting experience. After returning home from Belize, I began studying Environmental Conservation at the UW-River Falls (UWRF). This field of study is centered on appreciating the balances in nature and understanding how humans can affect this rhythm. Building on the interests realized in Belize, I began to focus on peoples’ interaction with the environment and this lead to the field of Sustainable Community Development. Sustainable Community Development refers to a process by which communities look to understand their effect on the environment and purposely take steps to minimize their negative impact. Last summer through cooperation between UWRF, specifically Dr. Kelly Cain, and the China Exploration and Research Society (CERS), I was able to complete an internship working on various projects that aided the CERS mission to conserve the environment and culture of southwestern China. The projects included work at an eco-tourism development site and documentation of traditional Tibetan folk art and music.

I have just graduated from UWRF and am currently working with the UWRF Facilities Management Dept. doing a combination of landscaping work, water quality research, and a campus-wide lighting study. The landscaping work includes cutting grass, mulching gardens, controlling invasive species, etc… The water quality research is an on-going project that I have been working on over the past year with Dr. Kerry Keen and is funded by the Kinnickinnic River Land Trust. The project is in its 5th year of monitoring the campus’s impact on the South Fork of the Kinnickinnic River. Work here includes the calibration of monitoring equipment, maintenance of the field sites, and drafting standard operating procedures to be used by future students. UWRF is one of four Wisconsin campuses that is taking steps to be "off the grid" by 2012. The lighting study is one of the energy conservation projects aimed at reducing the amount of energy used for electricity on campus. The campus is also exploring many alternative fuel options, such as burning biomass material instead of coal and collecting methane from the digestion of campus farm and cafeteria waste.

Ambassadorial Scholarship Thank You Continued

In the fall, with the aid of the Rotary Ambassadorial Scholarship, I will be continuing my education in the field of Sustainable Community Development at the Blekinge Institute of Technology in Karlskrona, Sweden. Sustainable Community Development refers to a process by which communities look to understand their effect on the environment and purposely take steps to minimize their negative impact. Blekinge teaches The Natural Step process, a holistic approach to community development and increasing the citizens’ standard of living. By understanding the whole community system and the many interactions, solutions can be found that meet the goals of the community while conserving the surrounding environment.

I would like to take a moment to thank every one of the District 6220 Rotarians that helped make this scholarship possible, thank you. This is a great opportunity that I have been fortunate enough to take part in. The Ambassadorial Scholarship provides the support necessary to further ones education and gain international perspectives, crucial to understanding the growing global community. Rotary’s commitment to service is also included within this scholarship. During the Ambassadorial year it is expected that a service project, benefiting the host community, is found and completed. I look forward to doing what I can to aid with Rotary’s goal of service above self. As for the rest of the summer, I will continue to live and work in River Falls until the end of July, when I will be heading back to Gresham to spend some time with family before making the swim across the big pond in mid-August.

- Nick Bisley

District Governor Nominee Announced

Rotarian Steven Selvick has been named as the District Governor Nominee. Steven was the District RYE Chair for many years and is currently serving as the Assistant Governor for Area 10. He is a member of the Sturgeon Bay Breakfast Club and will be District Governor during the Rotary Year 2010-2011. Congratulations Steven.

Rotary Ambassadorial Scholars Update

By John Weting, Rotary Ambassadorial Scholarship Sub Committee Chair

We find ourselves at a time when we must say farewell to Alessandra Brignola. For the past two years "Ale" has been our Inbound Rotary Ambassadorial Scholar from Genoa, Italy studying at Michigan Technological University in Houghton Michigan. In May she earned her Masters degree in Industrial Archeology and was also named as the “2008 Woman of Promise by the Department of Social Sciences”. For those of you who got to know Ale, know that we are saying farewell to a wonderful individual and an excellent Rotary Ambassadorial Scholar, she has excelled not only as a scholar but also as an ambassador. We can all be very proud of her. Ale, we wish you the very best of luck in the future and please stay in touch with us!

Our 2008-09 Rotary Ambassadorial Scholars, Kim Martino and Nick Bisley. Nick is from Gresham, WI and is sponsored by the Rotary Club of Shawano. He will soon be headed off to Sweden to study sustainable development in the Masters program in Strategic Leadership at Blekinge Institute of Technology in Karlskrona, Sweden. In May, Nick graduated from UW River Falls, congratulations Nick!

Kim is from Lisle, IL and is sponsored by the Rotary Club of Marquette Breakfast. She will soon be headed to Delhi University in Delhi, India where she will be studying Biology. Kim is presently a student at Northern Michigan University in Marquette, MI.

We wish both of them the very best of luck in their Rotary Ambassadorial year and I am confident that they both will be excellent Rotary Ambassadorial Scholars. We will update you throughout the coming year on their experiences.

Juliana Hagembe, our 2007-08 scholar is completing her year at the University of Hong Kong where she has been studying Public Health. Juliana is a citizen of Nairobi, Kenya and was studying at Northern Michigan University in Marquette, MI where she earned a Bachelors degree and has nearly completed her Masters Degree in Biology. She is planning to return to NMU for a semester to complete her research, thesis and Masters degree. Once Juliana has returned and is available to present programs on her Rotary Ambassadorial Scholarship year we will let you know how to contact her to schedule a program.

We wish all of our scholars the best of luck in the future and the scholars join me in thanking all who have supported The Rotary Foundation. Your contributions have made this amazing opportunity available to them and are helping to make the world a better place one person at a time!

On April 19, a committee composed of DG Maynard Bowers, DGN Mary Schwäger, Kim Martino, Nick Bisley and I interviewed six amazing applicants for the 2009-10 Rotary Ambassadorial Scholarship. After lengthy and thoughtful consideration, we selected Nicole Weber from Tomah, WI as the District 6220 2009-10 Rotary Ambassadorial Scholar. Nicole plans to study for a Masters of Public Health at the University of Geneva in Geneva, Switzerland. She is currently studying at Northern Michigan University and will be receiving her Bachelors degree in May 2009. The Rotary Club of Marquette is sponsoring Nicole. Congratulations Nicole!

For those who want to catch up on our past scholar Glen Young, he has recently updated his blog at http://unipogocycle.spaces.live.com/.

**Making Dreams Real**

By Tom Friese, District Governor

**Dennis White** (Sturgeon Bay) retired as Rotary International Youth Exchange Chair. During the past Rotary year Dennis White led this world program under the leadership of RI President Wilf Wilkerson. Dennis chaired the Youth Exchange meeting at the International Convention in June.

Thanks to **Steven Selvick** (Sturgeon Bay Breakfast) for his leadership as District 6220 RYE Chair. Steven leaves this position as he prepares to be District Governor in 2010-2011. Welcome to **Pastor Ray Connor** (Wausau Noon), as he becomes our District RYE Chair.

**Mark Barnes** (Stevens Point) who served our district as GSE chair has moved to Kalamazoo, Michigan. Thank your for your leadership in this important role. The new GSE Chair is **Dennis Rader** (DePere).

**John Weting** (Marquette) is now the District Rotary Foundation Chair. John previously served as Rotary Scholarship Chair responsible for Ambassadorial Scholars, Peace Scholars and University Faculty Exchange Programs.

**AG John Morris** (Minocqua/Lakeland Area 4) will head our District Polio Committee as we try to eliminate this terrible disease for the planet.

We recognize the service of **AGs Jim Schulz** (Rhinelander Area 8), and **Chris Wilkinson** (Marquette West Area 2), and **Dennis Rader** (DePere Area 7).

We welcome new **AGs Sam Bennet** (Marquette Area 2), **Mary Jo Berner** (Eagle River Area 8), and **Diane Koeppler** (DePere Area 7).

**PDG John Herlache** traveled to Panama in spring and Mexico in June to develop District PowerFlour projects. John also authored an article on PowerFlour in The Rotarian this past spring.

And, thanks so much to **AG Rob Manzke** (Greater Portage County Area 6) for redesigning our spectacular new electronic newsletter!

*Please send information to Kim Herlache so we may recognize Rotarians who are Making Dreams Real.*
Group Study Exchange Team Member Applications

By Dennis Rader, District 6220 Group Study Exchange Coordinator

As a part of Rotary’s Group Study Exchange Program, (paid in full by Rotary) District 6220 will be sending a team of four non-Rotarians between the ages of 25 and 40 to District 9010 in Morocco from April 13 to May 10, 2009. We have already selected an outstanding Rotarian as the team leader, Ms. Diane Dappern, from the Green Bay Downtown club.

We need to get the word out about this extraordinary opportunity. Please look around your community and identify eligible persons who may benefit from this experience.

This year, notices of the exchange will be sent to all of the larger newspapers in the District 6220 area for publication in an attempt to reach the reading public in the District. Young Professional groups affiliated with various Chambers of Commerce in the District have also been asked to publicize this exchange. We cannot be assured each newspaper will publish our notice of the exchange, so it is important for each club to generate enthusiasm for the exchange.

In the notices I have distributed, I have asked interested persons to contact a local Rotary club or myself as the District Group Study Coordinator. In the event I am contacted, I will contact local Club Presidents to inform the clubs of an interested applicant from your area, since each applicant must be sponsored by a club.

You may obtain a copy of the Application form from Rotary International at www.Rotary.org, your club president or contact myself at locations listed below. Thank you for your assistance in this venture.

If you have further questions about this program, please feel free to contact me at your convenience.

Dennis Rader, District 6220 Group Study Exchange Coordinator

John Kenny elected as 2009-10 RI president

By Jenny Llakmani
Rotary International News
19 June 2008

John Kenny, a member of the Rotary Club of Grangemouth, Central, Scotland, was elected as the 2009-10 president of Rotary International at the fourth plenary session of the RI Convention in Los Angeles on Wednesday.

In his acceptance remarks, Kenny expressed his gratitude for the support and encouragement that he and his wife, June, have received.

"We have come from a small country of five million people with three Rotary districts," he said, "and it is therefore a special honor to be the first Rotarian from Scotland to be president in the history of Rotary -- and only the fifth from the British Isles."

Kenny reminded the audience that Rotary’s connections with Scotland go back to the start, noting that Rotary founder Paul Harris’s wife, Jean, was from Edinburgh, which in 1921 was also the location of the first Rotary convention to be held outside North America.

"I am conscious of the tradition of Rotary and that I am following in the footsteps of illustrious predecessors in the office of president," Kenny said in his remarks, "and I shall endeavor to uphold the dignity of the office to the best of my ability."

Rotarians responded with applause as he said, "I believe that high ethical standards in our business and private life are as important today as they were in the early days of Rotary.

"I am here today because someone invited me to become a member of the Rotary Club of Grangemouth, a club whose membership I have enjoyed for 37 years," he said. "Indeed, one of the things I shall miss these next two years is attending the meetings of my club each Thursday at lunchtime."

"Communications may make our world seem a smaller place, but there are still too many who are vulnerable, homeless, starving, even without hope," Kenny concluded. "With your help and dedication, I am sure we can try to help alleviate their plight. Do not let us fail to try."

John Kenny, elected as the 2009-10 RI president, told Rotarians at the convention that it was special honor to be the first Rotarian from Scotland to be president in the history of Rotary. Rotary Images/Monika Lee
District Rotary Foundation Update

By John Weting, D-6220 Rotary Foundation Chair

First of all I want to thank DGE Tom Friese for the opportunity to serve the District as the District Rotary Foundation Chair. I am honored to have been asked and will do my best to serve the District well.

I would like to request that all Rotary Club Presidents and/or the Club Foundation Chairs save the date of October 4 or 11 to attend a District Foundation Seminar. The seminar on the 4th will be held in Wisconsin and the one in the 11th will be held in Michigan, details will follow, but please keep one of these dates open. We are preparing what we hope will be a very informative seminar on how your Rotary Club can get the most out of your Rotary Foundation contributions!

You can begin by reviewing the following website: http://www.rotary.org/en/ServiceAndFellowship/FundAProject/ DistrictSimplifiedGrants/Pages/ridefault.aspx (due to the length of the address you may need to cut and paste the address into your browser). This site will explain how your Rotary Club can request up to 20 percent of your District Designated Fund (DDF) for grants to support multiple projects locally or internationally.

I would very much appreciate the opportunity to present a seminar on how your Rotary Club can get the most out of your Rotary Foundation contributions.

You may also use the following website: http:// www.rotary.org/en/ServiceAndFellowship/FoundationProjects/ to get additional information in future newsletters. If you have any questions please feel free to contact me all of my contact information is listed below.

Thank you,
John Weting

Wausau Early Bird Club Seeks Partners for International Project In Laos

By Mary Weller, Wausau Early Birds

The People to People Project, Inc was created as a result of a request for humanitarian help by the Wausau Hmong community to reach out to the less fortunate members of the Hmong and other ethnic groups currently residing in Central and Northern Laos.

It is absolutely amazing how the pieces of this complex humanitarian request is being met. With our focus on three essentials of life; water, medical and education, we have successfully moved forward with several projects.

In November 2007, we established relationships with the Lao government and local village leaders. We returned with authorization to build 7 water projects and three schools. This Spring, we were able to bring water to two villages, giving almost 1000 people fresh water! And, the first school we committed to build is almost one third done in the village of Xang. This school provides 250 students with an excellent learning facility, and is the first and only one in the entire District of Nam Bak to have ELECTRICITY! Although we are several thousand dollars short of total funding for the school, we are committed to make this goal a reality.

We are so grateful for the help Rotary has done or committed to do in our District. For $36,000 USD were able to build a 6 room school, 100 student desks, 5 teacher desks and blackboards, lights and fans in each classroom, and two outdoor toilets. Because of the exchange rate, your dollar commitment goes almost 100 times further. Could your Club commit to this type of international project?

In addition to the direct support of these projects, we have been working diligently with UW – Stevens Point to develop a two prong approach. First, we are working on a Sister-Sister relationship with the University of Souphanouvong in Luang Prabang to foster an exchange of faculty and students. Second, we are working with the University - Stevens Point faculty and students to travel to Laos to do data collection, data mining, analyzing, and district modeling techniques that will provide students “overseas study credits” and provide People to People Project, Inc substantive reports for major foundation requests.

All of this takes time, patience, and great volunteers. Today, our 501.c.3 organization is focused on our Marketing/PR to promote our objectives and goals, to get the word out in public, to inform the communities of our humanitarian focus. Furthermore, our fund raising efforts are being geared toward seeking assistance with the overseas university study program, supporting students and faculty for their three week data gathering tour in late December and early January.

Continued on next page
People to People Continued

The conduit for your Club to participate in an International project could be with People to People. Rotary Clubs across the world are focusing on water, education and medical facilities. These goals are the same as People to People, and we have the contacts, the process, and commitment established to bring your actions to reality.

For more information, or a Club presentation, please contact Mary Williams at 715-842-1755 or write to People to People Project, Inc, 1803 Stewart Ave, Suite A, Wausau, WI 54401.

Rotary Club of Greater Portage County Hosts 5th Annual Kite Festival

By Rob Manzke, Rotary Club of Greater Portage County

The Rotary Club of Greater Portage County held its fifth annual Heart of Wisconsin Kite Festival on Sunday, April 27, 2008. The kite festival was a family-oriented event which included a workshop for children to make their own kites. Members of the Wisconsin Kiters provided demonstrations of different types of kites.
The drive to eradicate polio will have the full operational power of the World Health Organization behind it, WHO Director-General Margaret Chan announced at the RI Convention in Los Angeles on Tuesday. Rotarians in the plenary hall cheered as Chan continued: "I am making polio eradication the organization’s top operational priority on a most urgent, if not an emergency, basis."

In a historic moment, Chan was joined at the plenary session by the heads of the other spearheading partners of the Global Polio Eradication Initiative: Julie Gerberding, director of the U.S. Centers for Disease Control and Prevention; Ann Veneman, executive director of UNICEF; and Robert S. Scott, chair of The Rotary Foundation’s Board of Trustees and Rotary’s International PolioPlus Committee. It was the first time leaders of all four partners have appeared together on stage and given a joint address.

US$100 Million Challenge

In introducing Chan, Gerberding, and Veneman, Scott officially launched Rotary’s US$100 Million Challenge, a three-year fundraising effort to match a grant from the Bill & Melinda Gates Foundation.

Scott emphasized that polio eradication will remain Rotary’s top goal until the job is finished. After outlining the dramatic reduction in the number of polio cases and polio-endemic countries since 1988, Scott challenged the assembled Rotarians: "Who says we can’t eradicate polio?"

Calling the Gates Foundation grant a “tremendous honor,” he asked each Rotary club to commit to an annual donation of $1,000 for the next three years.

"I heard of one club yesterday that’s going to give $10,000 a year," he said. "That’s what we need!"

Why 1,313 is more than a number

Gerberding described Rotary as an extraordinary pillar of a dream partnership that brings out the best in all four organizations. Stating that 1,313 children were infected with polio in 2007, she called on Rotarians to take that number and turn it into something positive.

"Those children aren’t just numbers," she said. "They’re sentinels of responsibility. We have not just a health responsibility, but a moral responsibility to protect future generations from this disease."

Gerberding asked those who can to contribute $1,313 to the eradication initiative. "If you can’t contribute money," she continued, "then contribute 1,313 minutes of your time to volunteer in the effort to eradicate polio. If you don’t have time, give 1,313 words to motivate others and help inspire the commitment we need to get this job done."

All three of the global health leaders stressed Rotarians’ unique part in the eradication initiative. Veneman praised Rotary for playing a crucial role in the immunizations of two billion children since 1988. "UNICEF is proud to be your partner," she said.

Rotarians urged to continue the fight

Chan noted that Rotary is famous in polio circles for its steadfast commitment and determination. Through the respect and trust they have earned, she said, "Rotarians can open doors at the highest political levels, and you can open the doors of homes at the grassroots level."

Stressing that polio is in retreat, Chan assured Rotarians of her personal commitment to eradication, and urged them to continue the fight. To wild applause, she said, "I ask those of you representing Rotary in Afghanistan, India, Nigeria, and Pakistan to do even more. You have been the engines of polio eradication in your countries, and I thank you. But I need you to do more. I challenge you to raise the political stakes even higher, as I am doing with heads of state and political leaders. Political leaders must be mobilized and held fully accountable."

Chan ended her passionate address by thanking Rotarians for "your steadfast commitment to ridding the world of an ancient disease that has destroyed so many childhoods and broken so many hearts. Together," she said, "we will bring this to an end, forever."
Online Resources for Rotarians

Rotary International offers myriad resources to help Rotarians build effective clubs

**Club membership**
- **Club Assessment Tools** – Contains the Planning Guide for Effective Rotary Clubs, which can help your club address the Avenues of Service, as well as a variety of membership surveys. [http://www.rotary.org/RIdocuments/en_pdf/club_assessment_tools_en.pdf](http://www.rotary.org/RIdocuments/en_pdf/club_assessment_tools_en.pdf)
- **RI Web site: Running a Club section** – Offers ideas and information to help strengthen clubs. [http://www.rotary.org/EN/MEMBERS/RUNNINGACLUB/Pages/ridefault.aspx](http://www.rotary.org/EN/MEMBERS/RUNNINGACLUB/Pages/ridefault.aspx)

**Public relations**
- **Rotary Images** – Contains hundreds of high-quality Rotary photos. [http://images.rotary.org/netpub/server.np?base%26site=Rotary%26template%3Dsearch.np%26searchCatalog%3Dcatalog](http://images.rotary.org/netpub/server.np?base%26site=Rotary%26template%3Dsearch.np%26searchCatalog%3Dcatalog)
- **RSS news feed** – Allows your club or district to update its Web site instantly with the latest Rotary news. [http://www.rotary.org/en/MediaAndNews/News/RSSFeed/Pages/ridefault.aspx](http://www.rotary.org/en/MediaAndNews/News/RSSFeed/Pages/ridefault.aspx)
- **RVM: The Rotarian Video Magazine** – Offers a look at Rotary service projects around the world. [http://www.rotary.org/EN/MEDIAANDNEWS/MULTIMEDIA/RVMVIDEOMAGAZINE/Pages/ridefault.aspx](http://www.rotary.org/EN/MEDIAANDNEWS/MULTIMEDIA/RVMVIDEOMAGAZINE/Pages/ridefault.aspx)
- **Weekly Update newsletter** – Provides links to RI news stories, which can be used in Rotary-related newsletters and Web sites. [http://www.rotary.org/EN/MEDIAANDNEWS/NEWS/EMAILALERTS/Pages/ridefault.aspx](http://www.rotary.org/EN/MEDIAANDNEWS/NEWS/EMAILALERTS/Pages/ridefault.aspx)
- **YouTube channel** – Features Rotary videos that can be embedded in club and district Web sites and allows subscribers to be notified when new clips are posted. [http://www.youtube.com/user/RotaryInternational](http://www.youtube.com/user/RotaryInternational)

**Project funding**
- **ProjectLINK** – Is an on-line, searchable database which lists Rotary club and district community service projects in need of funding, volunteers, donated goods, and/or partners for a Rotary Foundation Matching Grant.
